This is me

Having been an entrepreneur all my life, I know how hard it can be to run your own business. Never having a real weekend, always showing what you've got, negotiating for the money you are worth, failing and picking yourself back up again, the pressure to create a compelling product that is uniquely yours... It's hard, and it's stressful. But it doesn't have to be this way. I've learned the hard way how to run my business from my place of pleasure, but I can help you skip that part and go straight for the gold!

With my background as a spiritual counsellor, creative director, Reiki master, and Shakti Tantra teacher, I designed a unique, intuitive approach that will help you to create a wildly successful business from your place of pleasure. I'll give you the tools that make you boogie through life!
